

CORK TILES - 8 MM

TECHNICAL DATA SHEET

CHARACTERISTICS	RESULT
Flooring according to EN 685	23 / 31
Thickness EN 428	8 mm
Weight EN 430	8 Kg/m ²
Dimension EN 427	12" x 12" / 12" x 24"
Density EN 672	> 500 kg/m ³
Dimensional Stability EN 434	< 0,1%
Indentation EN 433	≤0.25 mm
Finishing	Urethane
Moisture content EN ISO 12105	≤ 6%
Impact Sound Reduction EN 140	16 dB
Abrasion Wear (Taber using CS-17 wheels;1kg weight / each wheel)	> 10.000 revolutions
Resistance against abrasion according EN 14354	WR0
Resistance against staining according EN 438	Grade 1 - 5
Resistance to Scratching EN438-2	4 N / Grade 3
Safety properties according EN 14041	
Fire classification according to EN 13501-1	Cfl S1
Determination of the Slippery Resistance EN 13893	Class DS
Determination of the formaldehyde emission EN 717-1	E1
Content pentachlorophenol (PCP)	PCP free
Thermal Insulation value EN 12524	ca. 0,11 m ² x K/W
